ABSTRACT

Intended for use by librarians and library administrators, this document presents information derived from the 1981 Annual Report/System Membership Applications submitted by public libraries in Texas. Statistics are included on library populations served; library holdings; library circulation; library services; interlibrary loan transactions; library expenditures; library funding; library personnel; professional salaries; and various output measures including total circulations per capita, turnover rates for bookstock and library holdings, total circulations per staff member, program attendance per capita, and reference questions answered per capita. The analysis is divided into four sections, three of which present the statistics organized on the basis of regional library systems, groups of population served, and total expenditures. The fourth section presents percentages for the distribution of library expenditures by such variables as region, source of income, size of population served, and type of expenditure. Brief instructions and illustrations showing how to read the tables are provided. Appendices comprise the survey form and instructions for its use as well as definitions of terms and variables used in the analysis. (ESR)

FOREWORD

Information presented in this volume was derived from the 1981 Annual Report/System membership Applications submitted by public libraries in Texas. The purpose in publishing the analysis is to provide librarians, library administrators, and other interested persons with information organized to facilitate comparisons of libraries within the same regional system, with comparable service populations, and with comparable expenditures. This analysis is divided into four (4) sections. Section I presents the statistics organized on the basis of the Regional Library Systems; Section II on the basis of Population Served Groups; Section III on Total Expenditures; and Section IV, a special section, presents the percentage Distribution of Expenditures. Please note that the following variables have been included in the Analysis in response to requests made in the user survey: total circulations per capita, turnover rate (book circulation/book stock), turnover rate (circulation of holdings/holdings), total circulations per staff FTE, program attendance per capita, reference questions answered per capita.

Preceding Section I are four short explanations and illustrations of how to read the tables in each section. Following Section IV are two Appendixes: Appendix A which presents the instructions and survey form from which the data were gathered, and Appendix B which contains definitions of terms and variables used in this analysis. The Texas State Library has also published Texas Public Library Statistics for 1981 which lists by individual library some of the statistics compiled here.

We would like to thank those librarians who provided the data utilized in this report. Questions concerning this publication and suggestions regarding future editions should be directed to Mitchell Gidseg, Statistician, Library Development Division, Texas State Library, P.O. HOW TO READ THE TABLES OF LIBRARIES GROUPED BY REGION

The numbers and explanations below refer to the illustration on the facing page. Please note that the data in the illustration are not current.

1 These items explain what each of the numbers, given in the table's columns, means.

2 This "KEY" shows how the information given in 1 is arranged in the columns.

3 This shows that item "A" for the Abilene region MRC is 264,109; that is, 264,109 books were circulated from the Abilene Major Resource Center.

4 This shows that item "B" for the Dallas region's Area Libraries is 21; that is, 21 Area Libraries in the Dallas region reported circulation of books greater than zero.

5 This shows that item "C" for the San Antonio region's Community Libraries is 11%; that is, the San Antonio region's Community Libraries circulated 11% of all the books circulated by system member Community Libraries in the state.

6 The three figures here would be interpreted to read: "The total circulation of books by both members and non-members in the Houston region was 11,769,409. Sixty libraries in this region reported this circulation as greater than zero. This circulation was 29% of the total for the entire state."

HOW TO READ THE TABLES OF LIBRARIES GROUPED BY THE SIZE OF POPULATION SERVED

The numbers and explanations below refer to the illustration on the facing page. Please note that the data in the illustration are not current.

1 These items explain what each of the numbers, given in the table's columns, means.

2 This "KEY" shows how the information given in 1 is arranged in the columns.

3 This shows that item "A" for a population served of 500,000 or more is 1,741,122; that is, for System Member Libraries serving a population of 500,000 or more, the average number of volumes of books and periodicals held is 1,741,122. (The average is based on libraries that responded with an answer greater than zero.)

4 This shows that item "B" for System Member Libraries serving a population between 15,000 and 24,999 is 48; that is, 48 System Member Libraries, serving a population of 15,000 to 24,999, reported holdings of books and periodicals greater than zero.

5 This shows that item "C" for Non-Member Libraries serving a population of 5000 to 9999 is 22%; that is, the Non-Member Libraries serving a population of 5000 to 9999 hold 22% of the books and periodicals of Non-Member Libraries in the state.

6 The three figures here would be interpreted to read: "The average number of volumes of books and periodicals held by both Member and Non-Member Libraries serving a population of 5000 to 9999 was 17,700. Seventy-one libraries of this size reported holding some books and periodicals. These holdings were 6% of the total for the entire state."

HOW TO READ THE TABLES OF LIBRARIES GROUPED BY EXPENDITURES

The numbers and explanations below refer to the illustration on the facing page. Please note that the data in the illustration are not current.

1 These items explain what each of the numbers, given in the table's columns, means.

2 This "KEY" shows how the information given in 1 is arranged in the columns.

3 This shows that item "A" for an expenditure group of $3,000,000 or more is 790,906; that is, for System Member Libraries with an annual expenditure of $3,000,000 or more, the average size of population served is 790,906. (The average is based on libraries that responded with an answer greater than zero.)

4 This shows that item "B" for System Member Libraries with an annual expenditure of $50,000 to $99,999 is 46; that is, 46 System Member Libraries with an annual expenditure of $50,000 to $99,999 reported serving a population (according to the 1970 Census) which was greater than zero.

5 This shows that item "C" for Non-Member Libraries with an annual expenditure of $5,000 to $9,999 is 15%; that is, the Non-Member Libraries with an annual expenditure of $5,000 to $9,999 serve 15% of the population served by Non-Member Libraries in the state.

6 The three figures here would be interpreted to read: "The average size of population served by both Member and Non-Member Libraries with an annual expenditure of $25,000 to $29,999 is 9751. Fifteen libraries in this expenditure group reported serving a population greater than zero. The population served by libraries in this expenditure group represents 1% of the total population served of the entire state."

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM

Authorization to Apply for New or Continuing System Membership

LIBRARY NAME: ______________________________ CITY: ______________________

This Authorization for Application should be completed only for the following reasons:

- Your library is applying for new membership in the Texas Library System.
- Your library wishes to continue its membership in the Texas Library System for the upcoming state fiscal year (SFY 1983).

All signatures are necessary. Current members of the Texas Library System MUST obtain all necessary signatures if they wish to continue their System membership during SFY 1983.

Signatures of city secretaries, county clerks, and so forth are not valid substitutions for the signatures of mayors, city managers, or county judges.

IF you are unable to obtain all necessary signatures before this form is due at the State Library, THEN send to the State Library all other pages except this Authorization and indicate approximately when the Authorization for Application will be forthcoming. After obtaining the required signatures, mail this page to the Texas State Library at your earliest convenience.

ANNUAL REPORT/SYSTEM MEMBERSHIP
APPLICATION FORM

Points to Remember

Remember these important points while completing the Annual Report/ System Membership Application Form:

- All answers should be **typewritten** or **printed.**
- All questions should be answered. Enter zero or NONE if some amounts are zero.
- Estimates should not be used in reporting expenditure information, but may be used as needed in the rest of the report. Simply mark estimates as "Est."
- All dollar amounts should be **rounded off** to the nearest dollar.
- All pages should be returned to the State Library, including those for which your library has **no** information. Only those libraries that file an entire report will be:
  - included in Texas Public Library Statistics for 1981 and in the Texas Almanac.
  - Eligible for System membership under the Texas Library Systems Act.
  - Eligible for federal Library Services and Construction Act grants.
- Any shaded area on any chart should **not** be completed.
- All fiscal years refer to **your library's local** fiscal year, unless otherwise indicated.
- Instructions for completing the Authorization to Apply for New or Continuing System Membership (Page ii) and the Library Use Charges and Fines Report (Pages 8 and 9 of the Form) have been included on the Report and Authorization themselves.

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION
FORM, ITEMS 1 - 7 ON PAGE ONE

Procedure

STEP	PROCEDURE
1	In Item 1, give the beginning and ending dates of your library's local fiscal year (LFY) that ended in calendar year 1981 and included January 1, 1981. Example: If your library's local fiscal year begins on July 1 and ends on June 30, then the period applicable to this report is July 1, 1980 through June 30, 1981. IMPORTANT: IF your library's local fiscal year has been extended or changed since you filed last year's AR/SMA, THEN please call the State Library for assistance in completing Item 1.
2	In Item 2, check if this is either an application for new or continuing membership in the Texas Library System, OR if this is not an application for System membership. Note: All current System-member libraries must apply for continuing System membership if they wish to remain in the System. IMPORTANT: IF the library wishes to be qualified as a first-time member of the Texas Library System based on its budget for the current fiscal year, THEN the library should submit its budget on a separate piece of paper. Follow the instructions pertaining to Items 8-22 in order to complete the budgetary information. Also submit the expenditure data for Items 8-22 on the annual report form.
3	Provide the information requested in Items 3 and 4.
4	Enter in Items 5 through 7 all information requested about your main library and head librarian exactly as you wish it to appear in the directory section of Texas Public Library Statistics for 1981.

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEMS 8 - 19 ON PAGE ONE

Definition

The definition of **expenditures** is determined by your local accounting system. Expenditures may include obligations outstanding at the end of LFY 1981 IF such obligations meet **all** of the following conditions:

- The library has a binding, written commitment for goods or services; that is, a purchase order or a contract.
- Such a commitment was entered into **before** the end of LFY 1981.
- The local accounting system recognized the obligations outstanding and liquidated them with LFY 1981 funds.

IMPORTANT

The righthand column of Expenditures is NOT for your current budget. IF YOU CHOOSE TO REPORT GOVERNMENTAL IN-KIND CONTRIBUTIONS RECEIVED FROM LOCAL GOVERNMENTAL SOURCES, please include them in this column, "Expenditures by Category in LFY 1981" (column a) AND report them separately in column b, "Governmental In-Kind Contributions by Category in LFY 1981." See also page 7, Step 9 Note.

In Items 8-20, you should report **all funds**, including federal Revenue-Sharing and carry-over funds from a previous year, which your library(**actually spent**)in LFY 1981 for **regular** operating expenses.

Note: Carry-over funds consists of income received during one fiscal year but spent during another fiscal year.

Caution

Do not report **extraordinary expenditures** made by your library during LFY 1981. (Such expenditures could raise your library's reported fiscal support to a level that may not be maintained in upcoming years, which in turn would endanger your library's future qualification for membership in the Texas Library System.)

Note: **Extraordinary expenditures** are expenditures of funds received from the city and/or county government and from other local sources; such expenditures fall within one of the following categories:

- The source of funds is unavailable on a **continuing** basis.
  Example: An **unusually large** memorial or bequest are funds whose source is unavailable on a continuing basis.
- The funds are spent for a specific budget item that does **not** occur on a **regular** basis.

Continued

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEMS 8 - 19 ON PAGE ONE, continued

---

Caution, cont.

Example: Funds used to buy land, to buy an air conditioner, to buy shelving for the entire library, or to repair the library building are funds spent for specific budget items that do not occur on a regular basis.

Caution

Do not report funds spent from special grants or from local bond issues in Items 8 through 20.

Note: **Special grants** are federal grants such as Library Services and Construction Act (LSCA) and Comprehensive Employment and Training Act (CETA); state grants such as the Library Systems Act (LSA); and grants from private foundations.

IMPORTANT

IF YOU CHOOSE TO REPORT IN-KIND CONTRIBUTIONS FROM LOCAL GOVERNMENTAL SOURCES, be sure to include these amounts in both columns (a) and (b).

Note: An in-kind contribution is the value of a non-cash contribution. In-Kind Contributions are generally from the city or county; however, a library may share facilities or staff with the local school district, or with a college or university in the same community.

Caution: Do not report in-kind contributions from private individuals or organizations.

Example: The value of volunteer services or of utilities paid by private individuals for the library is an in-kind contribution that cannot be reported.

See also: Page 7, Step 9 for more instructions on in-kind.

IF the library is newly established and...	THEN the library should...
1. expended funds in its previous fiscal year,	complete Items 8-22 on the annual report form.
2. did not expend any funds in its previous fiscal year,	submit its budget for the current fiscal year on a separate sheet of paper, following the instructions pertaining to Items 8-22 and put zeros (0's) in the expenditure sections of the annual report form.

Procedure

STEP	PROCEDURE
1	In Item 8, enter the total amount your library spent for books in LFY 1981. Caution: Do **not** include funds spent by the Major Resource System for your library's collection development. Do **not** include special **one-time** purchases of major collections **nor** the monetary value of books donated to the library. Exception: Federated county library system members that receive books from the county system may include the funds spent by that system for such purchases. Note: A **federated county library system** is a system in which two or more public libraries within a county retain their local autonomy, governance, and finances, but participate through contractual agreements in the federation of libraries.
2	Enter in Item 9, the total amount spent for all periodical subscriptions during LFY 1981. Caution: Do **not** include the monetary value of periodicals **donated** to the library.
3	In Item 10, enter the total amount spent for audiovisal materials during LFY 1981. Caution: Do **not** include the monetary value of audiovisual materials **donated** to the library.

Procedure, cont.

STEP	PROCEDURE
4	Enter in Item 11 the total amount spent for salaries and fringe benefits for library employees. Exception: Do not include in Item 11 the salaries and fringe benefits of janitorial or maintenance staff. Note: Fringe benefits include retirement, Social Security, health insurance, life insurance, Worker's Compensation, and so forth. Caution: Do not include funds spent for the salaries and fringe benefits of employees whose salaries are funded through CETA, LSCA, other federal programs, or through state grants.
5	In Item 12, enter the amount spent for **regular** equipment expenses. Note: **Include** expenditures for audiovisual equipment IF such expenditures are a **regular** budget item. Caution: Do **not** include expenditures for such building improvements as shelving and furniture unless such items are a part of your library's **regular** equipment budget. Do **not** include the monetary value of equipment **donated** to the library.
6	Enter in Item 13 the total amount spent for utilities in LFY 1981. Note: Include expenditures for electricity, gas, wastewater, garbage pickup, telephone, and so forth.

Continued

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEMS 8 - 19 ON PAGE ONE, continued

Procedure, cont.

STEP	PROCEDURE
7	In Item 14, give the total amount spent for **all other operating expenses** that do **not** fall with any of the above categories. Note: Other operating expenses include janitorial salaries, maintenance contracts, travel, postage, rent paid for a commercially-owned building, and so forth.
8	Add the amounts entered in Items 8 through 14 and enter the resulting total amount of expenditures in Item 15. See also Step 11, on Page 9.
9	**IF**, in Items 8a through 14a, you include **in-kind** contributions from local **governmental sources, THEN** enter those amounts in the appropriate category in the column labeled "Governmental In-Kind Contributions by Category in LFY 1981." (column b) Example: A library's utility bills for LFY 1981 were a total of $2,500. Of that amount, the city paid the library's electricity bill of $1,200, and the library paid $1,300 for the other utility bills. In this example, the library reports in Item 13, $2,500 under "Actual Expenditures" (a) and $1,200 under "Governmental In-Kind Contributions" (b). **Note: IF you report in-kind contributions from local governmental sources, THEN please submit a brief summary signed by your local governing official (mayor, city manager or county judge) on how each category's amount was computed.** AN EXAMPLE OF SUCH COMPUTATION is included the end of these instructions.
10	Determine your library's actual expenditures in LFY 1981 by **source of funds** and enter those amounts in Items 16 through 18. IMPORTANT: Federated county library system members should include in Item 17 the monetary value of books received from that system.

Continued

Procedure, cont.

STEP	PROCEDURE
10 cont.	Note: **Other sources of income** (Item 18) include **money** gifts, funds from overdue fines, money from permanent endowments, interest earned on savings accounts, and so forth, **if it was expended during** LFY 1981. DO NOT include the monetary values of equipment, books, personal services, and so forth contributed by **private** individuals or organizations. IMPORTANT: IF your library did **not** spend all its funds and IF your library did **not** keep separate accounts for expenditures of city, county, and "other" funds, THEN assume that funds were spent in the following order: a. Funds allocated by the library's secondary funding source. Example: If your library is a city library, then your library's secondary governmental funding source is the county, if the county appropriates any funds for library service. b. Funds from the library's primary governmental funding source. c. Funds from all other sources. Example: Free Public Library, a **city library**, received $5,000 from the city, $3,000 from the county, and $2,000 from other sources in LFY 1981. During LFY 1981, Free Public Library spent $8,740 on **regular** operating expenditures. Because the library did **not** keep separate accounts for expenditures of city, county, and "other" funds, however, Free Public Library assumes that it expended funds in the following order: (Example given on next page)

Continued

Procedure, cont.

STEP	PROCEDURE
10 cont.	Example, cont. a. $3,000 from the county (its secondary governmental funding source). b. $5,000 from the city (its primary governmental funding source). c. $ 740 from other sources.
11	Add the amounts you entered in Items 16 through 18. THE RESULTING TOTAL AMOUNT MUST EQUAL THE AMOUNT YOU ENTERED IN ITEM 15. Enter the resulting total amount in Item 19.
12	IF you included in-kind contributions from local governmental sources in Items 8 - 15, THEN enter those amounts by source of funds in Items 16 - 19. Example: The county government contributed $6,000 to the library. Of that amount, $4,000 was a cash contribution, and $2,000 was in-kind contributions. In this example, the library reports in Item 17, $6,000 under "Actual Expenditures" (a) and $2,000 under "Governmental In-Kind Contributions" (b). IMPORTANT: The total in-kind contributions reported in Item 15 must equal the total amount of in-kind contributions reported in Item 19.
13	Determine what portion of your library's total expenditures in LFY 1981 were derived from Federal Revenue-Sharing funds. Enter in Item 20 the amount of Revenue-Sharing funds received from the city and from the county that were spent on regular operating expenses (that is, the amounts included in Items 16 and 17).
14	In Item 21 provide the requested information.

FORM, ITEM 22 ON PAGE TWO

Caution **Funds reported in Item 22 should not be included in Items 8 - 19 (that is, the report of your library's regular expenditures in LFY 1981).**

Definitions **Extraordinary expenditures** are expenditures of funds received from the city and/or county government (including revenue-sharing) and from other **local** sources which fall within one of the following categories:

- The source of funds is **unavailable** on a **continuing** basis.
- The funds are spent for a specific budget item that does not occur on a **regular** basis.

Special grants are federal grants such as Library Services and Construction Act (LSCA) and Comprehensive Employment and Training Act (CETA); state grants such as the Library Systems Act (LSA); and grants from private foundations. Special grants are only those grant awards in which **funds** are directly **transferred** to the local level.

Procedure

STEP	PROCEDURE
1	In Item 22a, enter the total **number** of special grants received by your library in LFY 1981. Caution: Funds spent by the Major Resource System for your library's collection development are **not** special grants. IMPORTANT: Count each CETA and Green Thumb position assigned to the library as **one** special grant.
2	Enter in Item 22b the total **amount** of special grant funds spent by your library in LFY 1981. Note: Include the salaries of CETA and Green Thumb employees.
3	Enter in Item 22c the total amount of **extraordinary expenditures** in LFY 1981. IMPORTANT: Give the **sources**, the **amounts**, and the uses of all extraordinary expenditures in LFY 1981. Attach additional pages if necessary. **Caution: Do not report as extraordinary expenditures funds received from special grants.**

Definitions

A **head librarian** is the person who has the chief administrative responsibility for the library's operations.

Other librarians are those persons doing work that requires professional training and skill in the theoretical or scientific aspects of library work, rather than the mechanical or clerical aspects.

Other professional staff are those persons, other than librarians, who are employed in positions normally requiring at least a bachelor's degree. Accountants and computer specialists are examples.

Procedure

STEP	PROCEDURE
1	In **each** of the four "Position" categories, enter the number of budgeted positions as of January 1, 1982. Include both filled and vacant positions. Note: **Include** all positions paid from special grants and from extraordinary expenditures. Count each part-time position as **one** position. Caution: Do **not** include janitorial or maintenance staff positions.
2	Determine the **total** number of hours budgeted each week for all employees and vacancies in each of the four categories. Example: Two assistant librarians are each budgeted for ten hours a week. In this example, the library would report 20 total hours budgeted per week for "Other Librarians."
3	Give the total budgeted annual salaries as of January 1, 1982, for the positions requested. Caution: Do **not** include fringe benefits.

Procedure

STEP	PROCEDURE
4	Give the annual salary range as of January 1, 1982 for the positions requested.
5	Within the categories requested, give the number of persons employed as of January 1, 1982, who have a master of library science (MLS) degree from either an American Library Association accredited library school or a non-ALA-accredited school.
6	Check **yes** or **no** in Item 28 as it applies to your library.
7	In Item 29, if you have the information and wish to report it, give the total number of **library volunteer hours** worked in 1981.
8	Check **yes** or **no** in Item 30, if applicable to your library.
9	In Item 31, give the number of **branch** libraries in full operation as of January 1, 1982. Note: A **branch** is an auxiliary library with separate quarters, a permanent basic collection of books, a permanent staff, and a regular schedule, but administered from a central unit.
10	In Item 32, report the number of **bookmobiles** in use as of January 1, 1982.
11	Give in Item 33 the number of **stations** fully operational as of January 1, 1982. Note: A **station** is a library outlet in a store, school, club, or other location with a small and frequently changed book collection, open at certain times.
12	Check either **yes** or **no** in Item 34. Note: This question is not covered by the directory information on Page 1 because the number supplied by some libraries is not necessarily listed.

Definitions

Cataloged material is any library material that has been indentified in a catalog which records, describes, and indexes the resources of a library; as distinct frim library materials that are merely physically arranged for use and are not indexed and described individually by item.

Bookstock is the library's cataloged collection(s) of books and other printed materials, including government documents not in separate collections, if they are cataloged in the same manner as books and if they are interfiled with, or may be interfiled with, books. Pamphlets and paperbacks not cataloged and shelved as bookstock and all microforms should not be counted in this category.

A **title** is a cataloged publication that forms a separate bibliographic whole, whether issued in one or several parts. For example, Books in Print is one title, although it is issued annually in several volumes.

A **volume** is a hardbound or paperbound unit of any printed, typewritten, handwritten, mimeographed, or processed work contained in one binding or portfolio, which has been cataloged, classified, and/or made ready for use.

Circulation is a transaction in which a library lends its materials to borrowers. Only include materials that have been charged out to users.

A **periodical** is a publication constituting one issue of a continuous series under the same title published at regular or irregular intervals, over an indefinite period, individual issues in the series being numbered consecutively or each issue being dated. Newspapers as well as publications appearing annually or less frequently are included.

Item is the equivalent of volumes in a book collection. For each type of audiovisual material, count the number of individual slides, reels of tape, discs in an album, EXCEPT in the case of **multi-media kits**, where all items combine to form the multi-media unit.
SOURCE: American National Standards Institute - Proposed Standards.

Note:

Do not include duplicate titles under Column (a) [# of Titles].

Remember to include the following under Column (c) [# of Vols. or Items Circulated]:

- Circulation from all branches, stations, and bookmobiles.
- Interlibrary loans to other libraries.
- Materials loaned to schools as classroom sets. (Count each item loaned in a set as one circulation, regardless of the number of times the item is circulated in the school.)

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION
FORM, ITEMS 35 - 63 ON PAGES THREE THROUGH FIVE, continued

Procedure

STEP	PROCEDURE
1	Enter in Item 35(a) the total number of titles of your library's bookstock, including bound periodicals. Note: If your library does not maintain a title count, THEN you may use this method to estimate the number of titles: a. Count the number of bookstock titles in one inch of cards in the shelflist. b. Repeat the above step at uniform intervals throughout the shelflist. Example: The number of titles are counted in one inch of cards at one-foot intervals throughout the shelflist. c. Determine the average number of titles per inch of cards. d. Multiply the average number of titles per inch by the number of inches of cards in the shelflist to determine the total number of titles.
2	In Item 35(b) enter the total number of volumes held at the end of LFY 1981. Example: If your library owns 4 copies of Tom Sawyer, these would be reported as one title under 35(a) and 4 volumes under 35(b).
3	Enter in Item 35(c) the total number of bookstock volumes circulated by your library in LFY 1981.
4	In Item 36, enter the total number of uncataloged paperback books owned by your library in LFY 1981. Note: To meet the required number of materials per capita for system membership purposes, the State Library will count your uncataloged paperbacks, up to **10% of your cataloged collection.** That is, if you have 20,000 volumes in your cataloged collection and 3,000 uncataloged paperbacks, we will count 2,000 of the latter toward your membership requirement.

STEP	PROCEDURE
5	In Item 37 enter the information requested about **unbound** periodicals owned by your library in LFY 1981. IMPORTANT: Count volumes of **unbound** periodicals according to the **publisher's** volume. Generally, the publisher's volume corresponds to **one** year's issue of a title. Note: Count complete or **nearly** complete volumes of unbound periodicals that are a **permanent** part of your collection. Example: If your library owns 10 years' of back issues of Consumer Reports magazine (unbound), then these holdings would be counted as one title under Column 37(a) and 10 volumes under Column 37(b).
6	Enter in Items 38 through 40 the information requested about library materials on microforms **owned** by your library in 1981. Note: **Microforms** include microfilm, microcards, microfiche, and microprint. Example: If your library owns 7 reels of New York Times, these would be counted as 1 title under Column (a) and 7 items under Column (b). Note: IF your library has an actual count of titles of books, periodicals, or other materials on **microfilm**, THEN enter those numbers in Items 38(a) through 40(a). IF your library does **not** have an actual count of titles on **microfilm**, THEN you may use the following method to estimate the number of titles: a. Count the number of microfilm reels. b. Sample 1/10th of the reels and determine the average number of titles per reel. c. Multiply the average number of titles per reel by the number of reels to determine the total number of titles on microfilm. IMPORTANT: IF your library has **fewer** than 100 reels, THEN count all the titles. IF your library has more than 1,000 reels, THEN call the State Library for assistance in estimating the number of titles.

STEP	PROCEDURE
6 cont.	Note: IF your library has an actual title or volume count of books, periodicals, or other materials on **microfiche** or **microcards, THEN** enter those numbers in Items 38(a) or 38(b) through 40(a) or 40(b). IF your library does **not** have an actual count of titles or volumes, **THEN** you may use the following method to estimate the number of titles or volumes. a. Measure the length of the microfiche or card file. b. Sample 1/10th of the file at uniform intervals and determine the average number of titles or volumes per inch. Example: Ten inches of a 100-inch file are sampled. Note: You need not sample more than 24 inches of the file. c. Multiply the average number of titles or volumes per inch by the total number of inches in the file to estimate the total number of titles or volumes (pieces) on microfiche or microcards.
7	In Items 41-54, for each type of audiovisual material, the count is the number of items which would be represented in the library catalog by a main entry. In Item 41 enter the information requested about audio recordings **owned** by your library in LFY 1981. Note: **Audio recordings** are materials on which sounds (only) are stored and can be reproduced (played back) mechanically and/or electronically. These include records, cassettes, reel-to-reel tapes, and cartridges. IMPORTANT: In column (a), give the number of **titles** owned by your library. Count titles according to the title of the album, tape, cartridge, or cassette as **one** item. In column (b), include the total number of audio items held. This includes the total number of reels of tapes, cassettes, cartridges, and discs in albums. In column (c), give the total number of circulations for all audio recordings. Caution: Do **not** include audio recordings **borrowed** from the Major Resource System during LFY 1981. This count will be included under Item 61.

8	Enter in Items 42 through 44 the information requested about art prints, sculpture, games, puzzles, and so forth **owned** by your library in LFY 1981. Note: Count each unique game, puzzle, toy, and so forth as one title in column (a). In column (b) include a count of all games, puzzles, sculpture, and toys. Individual puppets may be counted as toys; puppets that are part of multi-media kits should **not be counted** separately. Example: If your library owned 4 sets of Monopoly, these would be counted as 1 title in column (a) and 4 items under column (b). Caution: Do **not** include materials borrowed from the System.
9	Add the figures entered in columns (a), (b), and (c) and record the resulting subtotals in Item 45.
10	In Items 46 through 54, enter the information requested about the audiovisual materials owned by your library in LFY 1981. Fill in all columns (a-e) for all items, except those shaded. IMPORTANT: Only audiovisual materials **owned** by your library and shown in **your** service area to your library users are to be included in Items 46 through 54. Do **not** include materials circulated by the Major Resource System. Major Resource Centers may count only those items they **own**. Items circulated to patrons residing in the MRC service areas by the system office as a system service may **not** be counted. These materials will be counted under Items 57 - 58. OPTIONAL: If your library has prerecorded information available to telephone callers (e.g., medical data such as TelMed, legal information, Dial-a-Story, etc.), and you keep statistics on this service, you may record these figures at 53. Do **not** include recorded messages concerning the library itself such as "The library is open from 10 a.m. till 3 p.m., Monday through Friday."

10 cont.	Note: IF your library has a separate government documents collection, **THEN** report those materials in Item 54. Also, in Item 54, if you have other material or **audiovisual equipment** that circulates, the statistics should be entered in this line. **Video discs** can be counted in this category. **Do not report vertical file items or still photographs as part of your library's audiovisual materials.** Caution: Viewer count is the number of persons viewing each medium, not the total attendance at a special program. Example: If you showed three films to the same 25 persons, then you would report a viewer count of 75 and an attendance count of 25 (in Item 66). IF your library has materials requiring the use of computer equipment, THEN call the State Library for assistance on how to count these materials. Note: **A multi-media kit is a collection of subject-related materials in more than one medium intended for use as a unit.** Sound filmstrips are not to be counted as multi-media kits, but as filmstrips. Sets comprised of a book and record or of a book and cassette should be counted as multi-media kits, that is, as one title and one unit. Count each unique multi-media kit title as one item in column (a). The total number of kits (units) should be given in column (b). Note: **A filmstrip** is 35mm or 16mm still photographs placed on a continuous, perforated strip of acetate or other transparent flexible material. The filmstrip may be accompanied by printed or recorded material, in which case it is called a "sound filmstrip." Include both silent and sound filmstrips in Item 47. In column (a) count only the individual filmstrip titles. In column (b) count each filmstrip as one unit. Circulation of filmstrips, column (c), should be counted in terms of units circulated.

10 cont.	Note: A **slide** is a 35mm transparent, still photograph intended for projection. In column (a) of Item 48, include the number of unique titles of slide sets, or individual slides if they are not part of a set. In column (b), report the total number of slides in each set. Caution: Do **not** count accompanying materials (records, tapes, cassettes, scripts) for filmstrips or slide sets. Note: A **videocassette** is a magnetic tape in which video and audio signals are recorded. The videocassette is permanently encased in a two reel system which holds the videotape. Videocassettes are available in several widths of which 3/4" U-matic and 1/2" VHS and Beta are the most common.
11	Add the figures in columns (a) through (e) and record the resulting subtotals in Item 55.
12	Total columns (a) and (b) at Line 56. This total is the sum of the subtotals at 45 (a) and (b) and 55 (a) and (b).
13	Enter in Item 57 the information requested about films that your library **borrowed** in LFY 1981 from the Major Resource System. Major Resource Centers will count **only** those films circulated or shown to their local residents in their service area. Note: Include films received through System film circuits, including films leased by the system. IMPORTANT: In column (a), give the total number of films borrowed. In column (c), count only those films circulated by the library to its patrons. In column (d), give the total number of showings for both in-house programs and out-of-house circulations for all films borrowed. ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEMS 64 - 68 ON PAGE FIVE

Procedure

STEP	PROCEDURE
1	Provide the information requested in Item 64.
2	In Item 65, enter the total number of **reference** questions answered in LFY 1981. Note: **Reference** questions are requests for information or assistance involving the use, recommendation, interpretation, or instruction in the use of one or more information sources (including the card catalog). Reference questions received by telephone, in person, and through written communications are included. Caution: Do **not** include such questions as directions for locating the restrooms and the telephones; directions for locating materials for which the user has a call number; and directions for operating machines.
3	Enter in Item 66 the total number of persons attending **media** programs (film showings, filmstrips, etc.) in LFY 1981. Note: Report the total number of persons attending programs regardless of the number or type of media used. This **will not** be the same figure as shown in viewer count (Item 55 [c] or 62 [c]).
4	Enter in Item 67 the total number of persons attending **library** programs **(excluding media programs)** in LFY 1981. Note: **Library programs** are book reviews; lectures; children's programs such as story hours and puppet shows; and other such types of presentations that involve library staff planning and/or implementation.
5	Enter in Item 68 the total number of persons attending all programs, either library or media, during LFY 1981. (This item is primarily for the benefit of those who do not keep separate statistics on the different types of programs.)

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEM 69 ON PAGE FIVE; ITEM 95 ON PAGE NINE

Procedure

STEP	PROCEDURE
1	Determine how many interlibrary loan requests made by your library users were filled. Count only the number of requests filled by another library, not the number of requests made. a. Enter in Item 69a the number of requests that were filled after being referred to your Major Resource Center's Interlibrary Loan Office. MRC's should report only those requests filled for their local library users. b. In Item 69b, enter the number of requests that were filled by any other method that did not involve the Major Resource Center's Interlibrary Loan Office. Caution: Count each request (including subject requests) filled as one request, regardless of the number of volumes, items, or photocopied pages received by means of that request.
2	Use the space in Item 95, if you wish, to list or describe any other services to the community which your library provides. Examples might include TTY telephone service for the hearing-impaired, the number of GED certificates issued in LFY 1981 through Adult Education classes held at the library, and the number of times your library facilities were used for meetings by community groups. It is entirely OPTIONAL that you provide any information in this Item.

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION
FORM, ITEMS 70 - 77 ON PAGE SEVEN

Definitions A library board is an **advisory** board if the library is officially a part of the city or county government.

A library board is a **governing** board if the library has been established as a nonprofit organization under the Articles of Incorporation of the Secretary of State. A governing library board is empowered to administer the library's budget, employ the librarian, enter into contracts, and set all library policies.

Procedure

STEP	PROCEDURE
1	Enter in Items 70 through 76 the information requested about your library board.
2	In Item 77, give the names and addresses of as many as are relevant for your library: (a) your library board chairman; (b) your Friends President; (c) your library's lay representative to the System Advisory Council, IF your library is **currently a member** of the Texas Library System.

COMMENT The names and addresses of your library board chairman and president of your local Friends-of-the-Library group will be published in Texas Public Library Statistics for 1981.

IMPORTANT Enter all information in the Report exactly as you wish it to appear in the directory section of Texas Public Library Statistics for 1981. If changes occur in this directory information, please notify the State Library so that we can update our records as soon as possible.

ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION FORM, ITEMS 78 - 80 ON PAGES SIX AND SEVEN

Procedure

STEP	PROCEDURE
1	In Item 78, enter the number of hours per regular week during which library service is currently provided by **one or more** of your library facilities. Caution: Do **not** include duplicative hours of library service among the main library, branch libraries, and bookmobiles. Do **not** include hours that a bookmobile is in transit. Do **not** include administrative hours. IF the headquarters does **not** provide public library service, THEN do **not** include the headquarters' office hours in the total.
2	Enter in Item 79 your **main** library's **regular and summer** hourly schedules. Example: Sunday 2-5 Monday 8-12, 1-5 Tuesday 8-12 Wednesday 8-12, 1-5 Thursday 1-7 Friday 8-12, 1-5 Saturday 8-12 Note: The headquarters of a federated county library system should report its **office hours.**
3	In Item 80, enter the general information requested about each branch library and/or bookmobile. Circle whether each entry is a branch or a bookmobile. Note: You may photocopy and attach additional pages as necessary. You may also submit a printed brochure or handout of your branch/bookmobile schedule if it includes all the information requested. Caution: Do **not** include the hours that a bookmobile is in transit.

IN-KIND CONTRIBUTIONS FROM LOCAL GOVERNMENTAL SOURCES

EXAMPLE: A LIBRARY IS LOCATED IN A BUILDING RENTED BY THE CITY. THE CITY PAYS THE RENT AND THE UTILITIES. THE BUILDING CONTAINS 15,000 SQUARE FEET, OF WHICH THE LIBRARY OCCUPIES 9,000 SQUARE FEET. RENT AND UTILITY BILLS FOR LFY 1981 WERE AS FOLLOWS:

RENT ($800 PER MONTH)	$ 9,600
GAS	1,100
ELECTRICITY	1,300
TELEPHONE (REGULAR SERVICE CHARGE)	300
TOTAL	$12,300

SINCE THE LIBRARY OCCUPIES 60% OF THE BUILDING $\left(\frac{9{,}000 \text{ SQ. FT.}}{15{,}000 \text{ SQ. FT.}}\right)$, THE IN-KIND CONTRIBUTION OF THE CITY WOULD BE 60% OF THE TOTAL EXPENSES FOR RENT AND UTILITIES OR 60% x $12,300 = $7,380.

IN THIS EXAMPLE, $1,620 WOULD BE REPORTED IN ITEM 13, COLUMNS (A) AND (B) - UTILITIES; THAT IS, UNDER EXPENDITURES BY CATEGORY AND UNDER GOVERNMENTAL IN-KIND CONTRIBUTIONS BY CATEGORY. IN THE SAME MANNER, $5,760 WOULD BE REPORTED IN ITEM 14, COLUMNS (A) AND (B) - OTHER EXPENSES (RENT), UNDER BOTH EXPENDITURES BY CATEGORY AND UNDER GOVERNMENTAL IN-KIND CONTRIBUTIONS BY CATEGORY. THE TOTAL OF $7,380 WOULD BE INCLUDED IN EXPENDITURES FROM THE CITY IN ITEM 16(A) AND IN THE TOTAL AT ITEM 19. THIS SAME AMOUNT ($7,380) WOULD ALSO BE SHOWN IN 16(B) AND 19(B), UNDER GOVERNMENTAL IN-KIND CONTRIBUTIONS BY SOURCE OF FUNDS.

DEFINITIONS

A. ANNUAL REPORT/SYSTEM MEMBERSHIP APPLICATION - Forms submitted by Texas public libraries (for Local Fiscal Year which included January 1, 1981) which serve as the basis for the statistics reported in this publication and as the basis for determining system membership.

B. SYSTEM MEMBER - A library is considered a member of the Texas Public Library System if it meets the criteria defined in the Texas Library Systems Act V.C.S. 5446a and the Rules and Regulations for the Texas Library Systems Act.

C. NON-MEMBER - A library which has completed the Annual Report/System Membership Application but which has not met the criteria necessary for system membership.

D. MAJOR RESOURCE CENTER (MRC) - A large public library which serves as the headquarters of a regional library system.

E. AREA LIBRARY - A system member library, other than an MRC, with an estimated 1981 population served equal to or greater than 25,000.

F. COMMUNITY LIBRARY - A system member library with an estimated 1981 population served less than 25,000.
